Hey Khalid, I think you're very unhealthy. You really need to change your lifestyle to avoid problems later in life. I suggest that you take up exercise. Go to the gym or start swimming twice a week. Also, you shouldn't eat fast food. You must include fruit and vegetables in your diet. I hope you take my advice my friend. I don't want to go to your funeral at 52 years old!

Hey Mohammed,

I really think it's not a good idea to be smoking and eat junk food everyday. I talked to one of my friends, he goes to the gym and knows stuff, and he said this is really bad. So, I am a bit worried and I really wish if you could cut down at least of these two for now so that you could be a bit healthier. I hate to see doing this things and not say anything to you, so please consider doing this and let me know if you need help, like trips and stuff to take your mind off these things.

Stay safe,
Mohammed.
